Baltimore, Md.

Dear Sir:

We are in receipt of the Insignia of the Maryland Society, War of 1812, through Mr. Henry Harmon Noble, and I beg to thank you very sincerely, on behalf of the American Numismatic Society, for your generous gift to our Cabinet. We greatly appreciate your kindness in donating a medal which is of such personal value to yourself. The fact of its having been made from a bronze cannon used in the bombardment of Fort Henry adds very appreciably to its interest, and it gives us much pleasure to be able to add this specimen to our already valuable Cabinet.

Thanking you again for your kind thought for the Society, I beg to remain

Very truly yours,

Curator

HW/E
